

MSB15LiDX

POWERFUL BATTERY CHARGED BACK SPRAYER OF THE HIGHEST CALIBER

Spraying continuously with steady pressure delivers uniform results

We could talk about the comfort and ease of this machine, but spraying with an electrical back sprayer just gives better results too. The pump delivers a constant pressure. This means **a clean and regular spray pattern**. No matter how long you spray, the droplet sizes will remain the same. The results are incomparably better than those of a hand pump. The MSB15LiDX is custom-tailored to the wishes of the professional user. The use of high-quality materials and parts make this the back sprayer for professionals in the poultry and horticulture industry.

Depending on the options on your fogger, your product may look different from the image.

FOGGING & HYGIENE

MSB15LiDX

POWERFUL BATTERY CHARGED BACK SPRAYER OF THE HIGHEST CALIBER

Specifications

- **Unlimited spraying** due to replaceable battery
spray time 1 battery = 160 minutes
loading time battery = 120 minutes
- Closed case: no dirt on the inside
- No build-up of remaining liquids: no bacterial growth
- Easy to clean and maintain
- Comfortable, easy to wear, light-weight: 4,6 kg
L 235 x W 365 x H 550 mm
- Trickle charger
- CE-certificate
- Available with Durotol-nozzles

Capacity

1,5 liter per minute.

Tank size

15 liters.

Air throw

N/A.

Power

18 V Lithium-Ion
Battery. 4000 mA.

Droplet size

100 - 120 μ m,
depending on the nozzle.

Mobility

Portable.

Designed in collaboration
with professionals
